

FIREPLACE SURROUNDS AND TILES

P A L O F O R M 

CONCRETE TILES

## FIREPLACES | surrounds and tiles

Fireplaces occupy a special place in our homes and hearts. A well-designed fireplace provides warmth and comfort, encourages gathering, and sets the tone for an entire living space.

Paloform offers a refined, modern line of concrete fireplace mantels, surrounds and fireplace cladding tiles – original products designed and manufactured in Canada.

CONCRETE TILES

PALOFORM FIREPLACE SURROUNDS AND TILES aim for purity of form and an architectural approach that embraces material honesty and functional appropriateness. Concrete is the focus of our aesthetic with its unique subtle tonal variation, solidity and tactility. Our collection of sizes and colours offers a simple, versatile design palette for creating substantial and transformational fireplaces.

**OUR CONCRETE**

Paloform high-performance concrete is a proprietary blend of materials designed to balance aesthetics, durability and sustainability. We use high-volume fly ash in our mix resulting in better, stronger concrete (55 MPa), and reducing the energy footprint of our products.

Our concrete is available in six integral (cast-in) colours:

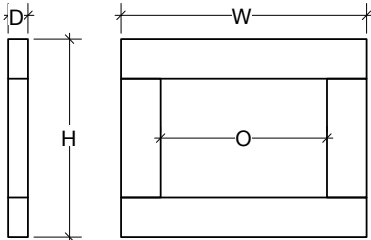

**LINNEA 6**

H = up to 68" / 1727  
 W = up to 136" / 3454  
 O (opening) =  
 up to 116" / 2946  
 D = 5" / 127  
 Wt = up to 800 lbs / 365 kg

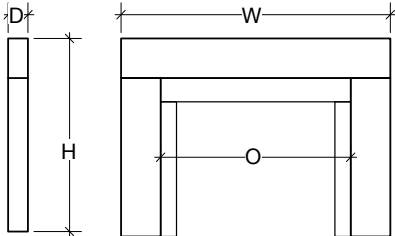

**LINNEA 4**

H = up to 68" / 1727  
 W = 56", 62" or 68"  
 1422, 1575, 1727  
 O = up to 48" / 1219  
 D = 5" / 127  
 Wt = up to 550 lbs / 250 kg

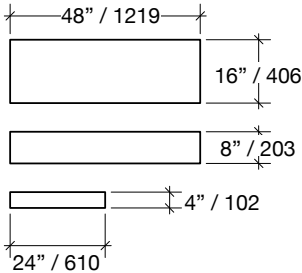

**LINNEA 3**

H = up to 58" / 1473  
 W = 56", 62" or 68"  
 1422, 1575, 1727  
 O = up to 48" / 1219  
 D = 5" / 127  
 Wt = up to 400 lbs / 180 kg

**CONCRETE TILES**

Thickness = 3/4" / 19  
 16x48 = 50 lbs / 23 kg  
 8x48 = 25 lbs / 11 kg  
 4x24 = 6 lbs / 3 kg  
 (sizes are nominal)

PALOFORM designs and manufactures outdoor fire pits, fireplace surrounds and wall claddings in handcast concrete, Corten and stainless steel.
